## CPL Introduces Newsletter and Registration Changes

This issue of *Connections* features a new look and format. These changes will reduce our costs and we have also taken this opportunity to reorganize content in keeping with direction from our strategic plan. We hope that the new format makes it easier for you to follow the news and activities from the library.

We've also made program registration more consistent. Now, all programs require either no registration or registration online beginning two weeks in advance of program date (for details, see page 8). As we frequently add programs after we go to press, we encourage you to visit our website, [www.cantonpl.org](http://www.cantonpl.org), for the very latest updates. You can find a monthly calendar of activities by clicking on the Program Calendar link in the left column.

We welcome your comments and feedback online at [www.cantonpl.org/contact](http://www.cantonpl.org/contact), by phone at 734-397-0999 or by filling out a comment card available at the Reception Desk.

### Another Star Year

The Canton Public Library has again been given a three star rating in the Library Journal Index of Public Library Service. We are one of only two Michigan libraries to receive a rating. The index is compiled with 2007 data examining four factors impacting public service: per capita circulation, visits, program attendance and public Internet use. This is the second straight year the library has received a star rating from Library Journal.

This award comes as the Canton Public Library experiences the busiest year in its history. In 2009, the library checked out 2 million items, an increase of 13% from last year, issued approximately 9,000 library cards and averaged about 2,000 visitors daily.

### New Service Lets You Learn a Language Online

The library is proud to introduce Mango Languages, the easiest way to learn to speak a new language. It's fast and fun with real-life situations to make learning more pertinent. Learn Spanish, French, Italian, Russian, Portuguese (Brazilian), Japanese, German, Greek, Chinese (Mandarin), ESL Spanish, ESL Brazilian Portuguese, ESL Polish and more. Watch for new languages to be rolled out throughout the year. You can access Mango at <http://www.cantonpl.org/resource#languages>. First time users will be asked to create a username and password for the system to keep track of your progress.

## Everyone's Reading 2010

*Presumed Innocent* by Scott Turow is the 2010 Everyone's Reading selection. This novel defined the legal thriller genre and has an infamous surprise ending that most of us don't see coming. We are pleased to announce that author Scott Turow will make a special appearance at the Village Theater at Cherry Hill on April 14. Watch the Canton Public Library website, [www.cantonpl.org](http://www.cantonpl.org), for ticket information.

In its ninth year, Everyone's Reading promotes community dialogue through the shared experience of reading the same book. Pick up a copy of *Presumed Innocent* at the Canton Public Library and join in the discussion.

**Program Registration Changes**

The Canton Public Library has moved to a standardized program registration process for every program offered at the library. Now all programs will fall into one of two classifications: registration or no registration. A program marked with ® after the title means that you must register to attend. Registration is online for all programs, which means you must have a library card in our system to sign up. If you are registering a child for a program, use the child's library card. All programs will begin registration at 9 a.m., two weeks prior to the program start date.

A "no-registration" program is simply that – you don't need to register; just drop in and attend. All programs are listed in our online program calendar, [catalog.cantonpl.org/iii/calendar/month](http://catalog.cantonpl.org/iii/calendar/month). Click on the program title for more information, including a link to the registration form for programs that require registration.

**New Self Checkout Machines**

Due to changes in technology, in winter 2010 we are migrating to a new system. The benefit to this is that we are able to update our self checkout machines with enhanced features that allow you to check materials out, view the status of your holds and pay fees with a credit card. The new system also allows us to remove the locks from the locking CD and DVD cases, making for faster and easier check outs. In addition to replacing the four current self checkouts, we will be adding three others in various locations. If you would like instruction in using a self checkout machine, please ask any staff person.

**Friends of the Library News**

Secondhand Prose, the Friends of the Library's used bookstore, will be holding a monthly bag sale. You can fill one of their bags for just \$5, excluding children's and AV materials. Bag sale dates are January 22, 23 and 25 and February 19, 20, and 22. Also, check the bookstore for monthly specials.
