## Summer Reading for the Whole Community

Just by looking at library statistics, we know that Canton is a community of readers. That's why the Canton Public Library offers summer reading programs for the entire community.

This special summer reading issue of Connections details reading programs for children through adults. You'll find the dates and guidelines for each age group, as well as special event dates, reading suggestions and more, contained inside. Every reading program offers fun incentives and prizes to encourage you to read books, listen to CDs and watch movies.

Take a look through this issue to find the program that's right for you, then come in to the library starting June 16 and sign up. Join the thousands of readers in our community who participate in summer reading at the Canton Public Library.

## Slow Down and Read

Summer's slower pace makes it a great time to catch up on your reading and win some fabulous prizes at the same time. With these tips, make reading a natural part of the lazy, hazy days we associate with warmer weather.

- Read a book poolside, under a tree, at the beach or at baseball practice.
- Listen to a book on CD or MP3 while you commute to work.
- Listen to a Playaway at the gym or while you work in the garden.
- Take a book with you everywhere. You never know when you'll have time to read.

Reading is also a great way to bring people together and summer is no exception. Pick a title for the whole family to read and start a parent child book discussion group or take an audiobook along on the next family road trip. And don't forget our library book discussion groups meet all summer long.

The Canton Public Library's new Books & Authors database is a great resource to find books. You can include a main character, subject and location in your search to find the perfect title to hold your interest. Visit the Books & Authors database online at [www.cantonpl.org/database/index.html#literature](http://www.cantonpl.org/database/index.html#literature).
