

LIT LAB

PRODUCTIONS

PRESENTS

SCIENTISTS & INVENTORS

Lit Lab Productions are themed programs where we build literacy skills through reading, talking, writing, singing and playing.

Literacy skills are essential to a child's development and understanding of all aspects of the world, including reading comprehension and lifelong learning. We help families work together to develop these skills while having FUN!

For more great literacy resources, check out these websites:

LITERACY TO GO

TALK

Create conversation topics about scientists and inventors. Write out questions and then select them one at a time.

Examples might include: what does an inventor look like, what tools does a scientist need, what does it mean to fail, and what is a citizen scientist?

SING

Create a playlist to listen to while inventing. What songs did you choose?

Make up your own song about your invention. Sing it to your family.

PLAY

Make another invention using two different items from your Inventor Deck.

Work as a team or make it a contest.

Catch Brain Yoga with Jason Reynolds (@jasonreynolds83) on Instagram,

Fridays at 1:30 PM.

WRITE

Draw a picture of a scientist.

Describe your scientist.
