Give Us Your Best

This issue of *Connections* is full of what we think are the newest and best books, features and resources at the library this year. But we'd love to hear what you like best about the library. Maybe there's a helpful staff person you'd like to tell us about. Or you want to share your love of convenience features like online book renewals. It could be a special collection of materials or one of the many programs we offer. Whatever it is, we'd really like to know so we can use that information to make the library better for everyone.

You can always pass on comments to our staff or fill out comment cards, found in various places around the library. Or, go to our online *Give Us Your Best* page at www.cantonpl.org/yourbest/ and email your favorite library features to us. Online submissions will earn a gift certificate for two paperback books from Secondhand Prose, the Friends of the Library used bookstore. We can't wait to hear from you!

A Guide to the Best Books of 2006 (so far)

As you might expect, the staff at the Canton Public Library are voracious readers. As 2006 draws to a close, we just can't wait to share some of the very best books we've read this year. These are the books that fascinated us, were creepy good, beautifully illustrated, made us stop and think, were immensely informative, made us laugh and cry and, best of all, kept us turning pages to the very end.

Here we offer a sneak preview of our Canton Public Library staff recommendations. Stop by the Reference Desk in December for your free bookmarks of staff picks which offer many more suggestions from Fiction, Nonfiction, Movies and Audiobooks.

Be sure to look online at our Books and Reading Subject Page (www.cantonpl.org/subjects/books_reading/) for other suggestions we didn't have space to list here.

Better Technology for Better Service

Technology is supposed to make our lives easier. That's the idea behind the recent innovations at the library. Our goal is to use the latest technology to provide even better customer service for you. Some of this year's accomplishments:

- The library's Internet Branch (www.cantonpl.org) was totally revamped with new features, including more than 20 subject pages (www.cantonpl.org/subjects/), each with a wealth of librarian-selected resources on a given topic.
- Online registration (www.cantonpl.org/services/signup) that makes it easier and more convenient for you to sign up for childrens, teen and tween programs as well as many adult activities. It was accompanied by an improved online Events Calendar (<http://calendar.cantonpl.org>).
- Enhancements were made to MyAccount, the service that allows you to place holds and renew materials-to better manage your library borrowing activity-online.
- New computers were installed in Teen Place, the Internet Lab and elsewhere in the library, bringing enhanced computing power, speed and support for multimedia.

Four New Features From Technical Services

MeLCat Interlibrary Loans

Borrow from other libraries and have the books sent here! Go to <http://elibrary.mel.org/search>.

New self-check machines

Four fast new machines that check out materials and unlock your AV loans.

Updated telephone notification system

Sophisticated technology that you might not even have noticed to contact you by phone.

Put feature films on hold

A result of numerous patron suggestions, we now accept holds on videos.

Choice Books for Children

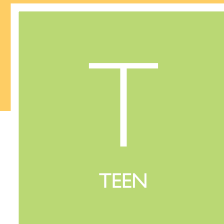

The year is almost at an end and what a year it has been! A wealth of wonderful books have been published for children of all ages.

Olivia Forms a Band, written and illustrated by Ian Falconer, finds fan-favorite Olivia disappointed that there is no marching band

to accompany the annual fireworks. Creative as ever, Olivia decides to start her own band and, as always, finds her own unique way to accomplish her goal.

Sky Boys: How They Built the Empire State Building by Deborah Hopkinson and James E. Ransome, is the story of the creation of this iconic skyscraper. The second-person narration tells the story of a boy and his father, barely making ends meet during the Depression, amazed as this seemingly miraculous landmark is constructed.

Bats at the Beach, written and illustrated by Brian Lies, has all the familiar aspects of a trip to the seashore, but with one hilarious twist: all the beach-goers are bats, and their visit takes place by moonlight. This entertaining romp is told using rhyming text and is delightfully illustrated by the exuberant artwork.

Best Research Source @ Your Library

Got a paper to write? Get easy to search, cite and print journal articles from the comfort of your own home with the Expanded Academic ASAP (www.cantonpl.org/database/index.html). Choose the PDF view and you'll see and print articles as they appeared in the journal.

Best Children's Corner @ Your Library

You've probably explored every corner of the Children's Department. Or have you? A favorite place of our children's librarians are the parent/child seats near the magazines. A great view of the children's garden and comfy, newly-upholstered seating out of the fray and in streams of sunshine make this a perfect spot to sit. Try it out on your next visit.

A Lifetime of Service

Since 1988, the Friends have awarded two lifetime memberships to people who have made significant contributions to the library. This October, we bestowed a third. Bevis Richardson, chairperson and driving force behind the Secondhand Prose crew, was given a lifetime membership for demonstrating enthusiasm, energy and fantastic ideas regarding the shop. She is an invaluable member of the book crew and we could not be the success we are without her. Thank you Bevis, and the entire book crew.
